PRESIDENT'S MESSAGE

First off, I would like to thank our outgoing President Jim Obergefell. He did a wonderful job and throughout his term I've been able to gain some small insight into the duties and responsibilities which are a part of being president of NANA. We hope that the parting gift given to Jim will not mean an end to his involvement with NANA. NANA has a rich history of involvement of past presidents, and I'm hoping that this will continue, as being president of NANA means that the shoes to be filled are pretty large.

Your new board, and I are in the process of working towards becoming an effective "team". Towards this end we are capitalizing on the expertise we have in the neighborhood. Barbara Henshaw and John Arthur, within their work organizations are involved in this "team" training. Both are in charge of training the board members, working in tandem. The initial purpose of this training is to become better organized and more effective in working on the issues facing the neighborhood organization. To make a clear distinction between what is a problem and what is an issue (an issue is an immediate problem for which we may have a specific solution, a target and a timeline.) To seek to maintain the quality of life, which we have come to expect living in this neighborhood and is after all why we choose to live here. Our second purpose is that we become more efficient in how we conduct business, or meetings. We are developing forms to help streamline this process. After all, we all have busy lives and inefficiency can cause a loss of interest in participating in the meetings, and we are in the process of trying to recruit more people from the neighborhood to participate in these neighborhood meetings. This participation can take the form of attending meetings and/or participation on ad hoc teams which may be formed to address a particular issue, on a particular street.

More on this process will follow. Meanwhile I ask that you bear with us and especially me, as we begin this process, and our strategy to be orderly (for this I will depend on Charlene) and inclusive (here Nana needs your input to help in forming and carrying out the plan).

I look forward to your participation in our meetings and to meeting you in our new venture "Sunday Afternoon in the Park...with NANA"

"SUNDAY AFTERNOON IN THE PARK... WITH NANA"

By Gerry Kraus

"Sunday Afternoon In The Park...With NANA" is a fun event for all North Avondale residents. It is an opportunity for neighbors to stroll through and enjoy one of our neighborhood parks. "Sunday Afternoon..." will take place at

SEASONGOOD SQUARE PARK
Reading Rd. between Clinton Springs & N. F. Shuttlesworth
on Sunday, August 17 from 3 to 6 p.m.

Come and join your neighbors in this afternoon event that will include music, games (for all ages), displays and demonstrations, food and **FREE** ice cream sundaes!

NANA welcomes musicians for solo, duet or group performance or for a pick-up jam session; artists, artisans and horticulturists to display and sell their creative products; people to bring their favorite board game (checkers to chess) for a friendly round-robin; double-dutch jump ropers; Karate or Tai Chi or other martial arts demonstrations; any other presentations you care to share. It is an opportunity to do your thing...or watch others do their thing.

NANA will provide an environment – and a few attractions – to encourage neighbors to spend an afternoon with their neighbors in the park. You can either be part of the afternoon activity or just be an observer strolling through. It is a few hours to go back to a way of life that existed before television and air conditioning when walking in the neighborhood park was a regular Sunday afternoon family activity. It is a destination place to walk to and to greet and meet neighbors.

Anyone interested in joining in a musical jam session, setting up a table to display their creative output, having a demonstration by your group or whatever should call the **NANA office** or

**PUBLIC HEARINGS ON
PROPOSED NEW ZONING CODE
By Gerry Kraus**

The Neighborhood and Public Services Committee of City Council jointly with the City Planning Commission will hold three (3) PUBLIC HEARINGS to present a zoning update and to receive comments from the public regarding the proposed new zoning code. They will take place as follows:

Wednesday, July 16 from 7-9 PM
Westwood Town Hall (Harrison & Montana)
Wednesday, July 23 from 7-9 PM
Bond Hill Recreation Center (1501 Elizabeth Place)
Thursday, July 31 from 7-9 PM
Madisonville Civic Center (5908 Madison Road)

While the meeting in Bond Hill on July 23 is geared to those neighborhoods in the Central City, including North Avondale, residents may attend any of the above hearings.

NANA has petitions from residents living on Betula Avenue, Rose Hill Avenue (between Beechwood and Red Bud), Stratford Place and Paddock Road (north of Stratford Place) who object to having the zoning of their property changed from R-1A (lot size 20,000 sq. ft.) to SF-10 (lot size 10,000 sq. ft.) and also from residents on Kessler Avenue and Kessler Place who object to having their streets of mostly single family homes zoned multi-family. A petition to upgrade zoning (from SF-10 to SF-20) on parts of Norway & Barker was also submitted to NANA.. NANA will present these petitions and officially object to these proposed zone changes at the July 23 meeting. NANA will also voice its objection to the text of the zoning code that permits Child Day Care or Bed and Breakfast businesses in single family zoned areas. Residents are highly encouraged to attend one of the three public hearings – preferably the July 23 meeting at the Bond Hill Recreation Center – to register their individual objections to the proposed zoning code. Residents are also encouraged to submit their comments in writing along with their testimony.

If you are unable to attend any of the three meetings, NANA urges you to write, email or call the following members of the Neighborhood & Public Service Committee: Council Members David Pepper, Chair, Y. Laketa Cole, John Cranley, David Crowley, Chris Monzel; also members of the Cincinnati Planning Commission: Don Mooney, Chair, Terry Hankner, Caleb Faux, Jackie McCray, Pete Witte, Council Member Jim Tarbell, Ass't. City Manager Deborah Holston. Email addresses and/or telephone numbers of the above persons can be obtained at the Clerk of Council office, 352-3246. (City employees' & Council members email addresses are First name.Last name@cincinnati-oh.gov)

Your presence and testimony at one of these meetings is very important for maintaining the quality of life we enjoy in North Avondale.

ENVIRONMENTAL INFORMATION

Beginning Monday, June 23rd, I have been told OSHA has been on site of Cincinnati Specialties and enforcing a clean-up. I have noticed no odors this week. Wednesday, noon time I drove PAST the plant twice; today, once around the plant. Is it possible!?!? Even with a northerly breeze today, Ardmore Ave. was clean of odors.

Hamilton County Environmental Services has a separate complaint currently against them. But if you notice additional odors, let me know (961-6563). Also, continue to call the Odor Hotline at 946-7777. Thanks for all your help.

The New School (Burton Woods Lane) Receives Dual Accreditations The New School, an independent Montessori school, is proud to announce its recent accreditation by both the Independent School Association of the Central States and the American Montessori Society. The school accreditation process involved a rigorous eighteen-month self-study by the entire school community and a three-day evaluation by an outside team of educators. As a result of these accreditations, The New School is recognized with other prestigious schools in Cincinnati. The New School is a full-day Montessori school for children ages 3 to 12, located in the historic Mitchell Mansion in North Avondale.

The New School Wins National Prize for Freedom Center Monument The New School received the top award from the National Underground Railroad Freedom Center's Monument Challenge. The New School's sixth grade students designed a monument to "honor the courageous men and women who risked or lost their lives to escape slavery and persevered to reach freedom along the Underground Railroad, and to those who cooperated in assisting them." The New School's sixth graders designed a lantern to represent a beacon of light in the darkness and the symbol of safe houses for the Underground Railroad. The inscription on the lantern design reads, "Freedom Shines on Us." The students developed the design, designating materials for the monument, wrote an essay and composed a poem. The New School shared the top prize with two other schools, The Bethany School in Cincinnati, and a Wisconsin school. The winning entries can be seen at www.freedomcenter.org/freedomquests/monuments
