PRESIDENT'S MESSAGE

Mike wasn't always a natural. At four he came down with Legg-Perthes disease and was stuck in a wheel chair for over a year. Dr. Alvin Crawford, Chief of Orthopedic Surgery, Children's Hospital (North Avondale resident) was an incredible blessing during that time of struggle. The only suitable exercise to keep his little legs strong was swimming. But Mike wasn't fond of cold deep water. He learned all the techniques but flatly refused to swim as long as he could not touch bottom. So, the day arrived when the whole class jumped from the three-meter board into the deep end and paddled to the closest ladder. One by one the ducklings plopped off the board, splashing with pride to the edge. But Mike would have no part of it – no sirree. So with my gentle persuasion, I hauled Mike to the end of the board and shoved him into the cold, deep unknown. Staring into the water, and wondering if he had drowned or if he would need therapy for the rest of his life, he flew up in wild anger, leveled his head, and slashed his way to the shallow end of the Olympic-sized pool. Every time he raised his head for air – he yelled "HELP!" By the time he stopped – he had gone farther and faster than any other swimmer. He was immediately asked to join the swim team and went to on further glory – a true natural and incredible Team Leader.

So here we are today with three vice presidents who just jumped into deep water – yelling HELP!

Meet North Avondale's three Vice Presidents and new Team Leaders!

1. Heather Herr: Civic Passion Team
2. Deborah Elkins-Brown: Beautiful Homes Team
3. Sulayman Bajo: Great Neighbors Team

1st Vice President and Civic Passion Team Leader, **Heather Herr** is passionate about the quality of life in North Avondale. Reed thin and unbelievably organized Heather plans to run the gauntlet for our gardens, our air quality, and our safety. Her **Civic Passion Team** is:

1. Ursula Hassel, the gardening guru of Beautification
2. Mike Rieck, nose-worthy chair of Environmental concerns
3. John Jones, guts and glory chair of Neighborhood Issues

2nd Vice President and Beautiful Homes Team Leader, **Deborah Elkins-Brown** is an "I can handle-it" woman with magnetic enthusiasm. Her **Beautiful Homes Team** is:

1. Bob Novak, Super Scheme chair of Master Planning
2. Gerry Kraus, Go-getter chair of City Liaison
3. To be named, Quality of Life Team

3rd Vice President and Great Neighborhoods Team Leader, **Sulayman Bajo** is totally new to North Avondale and can't wait to jump into action with his dynamic **Great Neighbors Team**:

1. Vanessa Wayne, the eyes-of-the-neighborhood chair of Membership
2. Pauline Day, the gentle sage of Landlord/Tenant Relations

They're all on the same team – and they're swimming for success.

LAST CHANCE TO DETERMINE ZONING FOR PARTS OF S. FRED SHUTTLESWORTH AND GREENWOOD

By: Gerry Kraus

S. Fred Shuttlesworth Circle (698 & 709 to 761 & 762) and Greenwood (674 & 677 to 715 & 720) continues as IDC (Interim Development Control) District. On June 29, 2005 City Council voted unanimously to continue an IDC overlay district on a portion of S. Fred Shuttlesworth Circle and Greenwood until February 12, 2006. The IDC was put in place for the city to determine if this area should be zoned for single family houses on large lots (minimum 10,000 sq. ft.), single family on small lots (minimum 4,000 sq. f t.) or multi-family (RMX). The extension was necessary because this determination could not be completed until the reassessment of the RMX District, requested by City Council, was finished. It was finished this May. Because of the extensive process involved, the zoning recommendation will go to the Planning Commission in September. **Larry Harris** (Sr. Community Development & Planning Analyst) will be at the July 12th NANA Meeting to discuss this zone change, answer questions and hear your comments. If you wish to comment on this zoning classification, please come to the meeting or call the NANA Office at 221-6166.

AROUND CITY HALL
By Gerry Kraus

CURBSIDE RECYCLING PICK-UP TO REMAIN WEEKLY. In case you haven't heard, the city's curbside recycling program will continue to be picked up weekly. Earlier this year City Council had voted to reduce pick-ups to every other week starting July 1. Because of an unanticipated surplus in the general fund Mayor Charlie Luken introduced an ordinance (passed unanimously) on June 15, 2005 to use \$350,000 of this surplus to continue the current recycling pick-up schedule.

CURFEW FOR YOUTH TO BE ENFORCED. Children in the city who are under the age of 16 must be in their home between the hours of 10:00 PM and 5:00 AM – unless accompanied by a parent or guardian. Juveniles in the city who are 16 and 17 years of age must be in their home between the hours of 12:00 midnight and 5:00 AM – unless accompanied by a parent or guardian.

If you see juveniles who you believe are in violation of the curfew, call the Cincinnati Police at 765-1212. Parents can be held responsible for violations of this ordinance and may face misdemeanor charges. **IT'S THE LAW!**

PARKS & RECREATION AREAS MAY HAVE SEPARATE ZONING DISTRICT. This new zoning is being proposed to give parks and recreation areas (play fields, golf courses, etc.) added protection from developers who may want to build housing or a shopping center on this public land. The Department of Community Development & Planning held a conference on May 25, 2005 to consider this new zoning district. Thirty-one citizens, representing 13 city neighborhoods, attended this meeting and unanimously voted to support a special zoning district for parks and recreational land. Written statements to the Department of Community Development and Planning regarding this proposed zoning district are welcome. **POTTERY SHOW
HOSTS NORTH AVONDALE ARTISTS**

North Avondale residents **Coleen Daley** (Clinton Springs), **Lisa Ingler** (Avon Fields Ln.), **Lee Nicholson** (Avon Fields Ln.) and **Adrienne Varady** (Red Bud) will be presenting new clay work at the Throwing Clay Pottery Gallery July 22 through August 20, 2005.

The clay artists have been creating clay art at the pottery studio since it opened in 2001. Their varied work includes clay masks, raku ware and functional pieces for everyday use.

Throwing Clay Pottery is a teaching studio and gallery located at 4819 Vine Street in St. Bernard. The opening night reception for North Avondale residents is Friday July 22, from 6:00 to 9:00 p.m. The artists will be discussing their work and refreshments will be provided. If you can't make it that night, the Gallery is open Wednesday thru Saturday 12:00 - 5:00 and Thursday 12:00 - 8:00.

***FYI:** Two hour evening classes are in six week sessions for \$160. Classes include tools, one 25 pound bag of clay, unlimited reclaim clay and firing space and two additional hours of practice time during the week. Tools are communal and included. For more information contact Trina at the gallery at 242-7687 or check out their web site at: www.throwingclaypottery.com*

Julie Franz (Beechwood) is a new neighbor who had a pet-sitting business before moving here last year. She is now offering to pet-sit, house-sit and baby-sit. She also works as a non-medical health aid for Comfort Keepers. For more information and references, contact Julie at 513-259-7261.

The University Hospital Department of Neurosurgery has an upcoming study that is for people who have suffered a Traumatic Brain Injury from a vehicle accident, or fall causing a serious injury to the brain. Often, these accidents have poor outcomes where the patients are unable to care for themselves. In looking for ways to try to improve their outcome, past research has suggested hypothermia might help. Dr. Guy Clifton of the University of Texas at Houston has funding from the National Institute of Health to implement this study. Dr. Raj Narayan, neurosurgeon will be the Principal Investigator here in Cincinnati.

Lynn Sprafka, RN, Clinical Research Coordinator will present a quick overview of the study at the July 12 NANA Meeting as they are required to get input from the community.

**NATIONAL NIGHT OUT AUGUST 2, 6:30-8:00 AT
BURTON SCHOOL 876 GLENWOOD AVENUE**

By Pauline Daly

Last year Burton School partnered with NANA, the Police and the Mosaic Vineyard Church to participate in National Night out, an event to bring together the community and the police. It was held at Martin Luther King Park on the first Tuesday evening in August.

This year the date celebrated nationally is Tuesday, August 2nd. This Spring the Burton School 8th graders produced a video about gun violence with the help of District 4 officers and other adults. The plan is to have the event at Burton School, 876 Glenwood Ave., with the focus on the video. I plan to invite NANA to participate with a contribution to the refreshments. Please join us on August 2nd, 6:30 to 8:00 p.m.

The Uptown Transportation Study

The Ohio-Kentucky-Indiana Regional Council of Governments (OKI) is asking Uptown residents, businesses, and visitors, to help them develop a transportation plan for their communities. To accomplish this, OKI has teamed with the City of Cincinnati, the Uptown Consortium, Southwest Ohio Regional Transit Authority (SORTA), The AMOS Project, and ODOT to conduct the Uptown Transportation Study. Visit www.UptownTransportationStudy.org to take a survey and make your voice heard.

Uptown includes the communities of Avondale, Clifton, Clifton Heights, Corryville, East Walnut Hills, Evanston, Fairview/University Heights, Mt. Auburn, **North Avondale**, and Walnut Hills. The tremendous growth of this area has created pressure on the existing communities and the related infrastructure. The Study is looking into a variety of transportation needs in Uptown including access to interstate highways, connectivity to Downtown, transit systems, parking, and directional signage.

Your feedback is necessary and important to develop a comprehensive transportation plan for Uptown. Log on to www.UptownTransportationStudy.org to complete the survey and find additional information on the Study. Please contact OKI at (513) 621-6300 ext. 136 or at info@oki.org with any questions or to obtain a copy of the survey by mail.

QUEEN CITY SOUND DRUM AND BUGLE CORPS NEEDS YOUR HELP

The Queen City Sound Drum and Bugle Corps performed at NANA's May Annual Meeting They need to raise money to buy team members uniforms and equipment by either contributions or performing. Established in 1996 by William and Thea Robinson, the corps mission is to allow youth from all racial, ethnic, or socioeconomic groups to come together to express themselves and learn from each other using music and dance as the common bond. The corps serves any youth from age 8 - 22 years of age. No musical or dance experience is required, only the desire and commitment to learn and grow in a diverse world. Their continuous fundraising efforts help to ensure that no one is denied an opportunity to participate in corps activities due to financial concerns.

Youth from area schools, as well as college aged young adults participate in the corps. Members sign a contract committing them to follow all the corps rules and regulations and to participate in fundraising efforts. The philosophy of the corps of "each one teaches one" helps the senior members develop into better role models. Members learn positive social skills, anger management, and how to transform negative energy into a positive expression of an art. The physical conditioning program helps to teach members the importance of good health habits and respect for their bodies. The use of military drill maneuvers help instill group discipline and team spirit.
