

## Archive

### Description

Looking for more past and present information about North Avondale Neighborhood Association?

The Archive is where you can find the NANA by-laws, general meeting minutes, past NANA News newsletters, and press coverage using the dropdown menu tabs. In addition, find out more detailed information about becoming a NANA News subscriber.

There are almost two decades of past [general meeting minutes](#) and [newsletters](#). These archives are sorted by year, then month. To find the NANA News issue or meeting minutes you are looking for, click on the small arrow on the right side of each year. This will open up a listing of monthly information archived and saved as a pdf. If there is no dropdown menu for a year with a list of months, or there are some months missing, these are files that have not been found, recovered or a general meeting was canceled. Research will continue to amend the archive with past documents as available.
