?ArtWorks Apprentice Program

I would like to re-introduce myself as the Artist Impact Manager at ArtWorks Cincinnati. I am reaching out to share some opportunities that might be of interest to you and the creative youth in your community.

Each year, the ArtWorks Apprentice Program offers paid year-round arts-based career readiness training and employment opportunities for youth (ages 14-21) from neighborhoods across the city. In addition to our Apprentice Program, last year we had introduced our first Youth Artist Exhibition Program through the ArtWorks Gallery. The program collaborates with outstanding artists who guide youth (ages 16-23) in a gallery apprenticeship to create new works of art for a group exhibit.

As we have wrapped up our incredible 2021 year with the completion of 33 public art projects across the city, we are already setting our sights on what lies ahead for this year. We would love your support in sharing this exciting opportunity!

Want to learn more about our programs? Join us for our upcoming Apprentice and Teaching Artist Info-Sessions where we will further discuss our program process and answer any questions you might have.

Upcoming Info Sessions:
