Do you support the historic preservation efforts?

- YES
- NO
- NEED MORE INFORMATION

Volunteer interest to help in the following areas:

- Mapping (GIS or Autocad)
- Data entry (excel or Google spreadsheet)
- Website / communication

- Canvassing (just your neighbors)
- Financial support for later steps likely requiring contracting professional services.

Thanks for providing feedback about the North Avondale Historic District initiative.

Dear neighbors –

Thank you to all who have reached out to support the proposed North Avondale Historic District or to voice your concerns. We appreciate all those who have donated time and money to see this grassroots effort move forward.

From our online forms and email campaign we are at approximately 95 to 5 ratio of support vs not. We've also received a lot of good press recently about the proposal so hopefully everyone is more aware of the project.

- WVXU Cincinnati Edition [Link](#)

We would, however, like to see everyone weigh in. This helps us define the boundary of the district and show broad support once our application is accepted.

If you haven't already done so, **PLEASE** fill out the form above. There is no obligation to help finance or volunteer. We just want confirmation that our neighbors have been informed and have had an opportunity to ask questions before we go through the full process of submitting the application and utilizing our consultant.

We all have much to be thankful for this month. I give thanks for all the wonderful neighbors that have shared stories with me about living in this neighborhood and their commitment to being good stewards for the next generations.
