

Making Sweet Things Happen: Tink's Sweet Shoppe

Description

Want to make your taste buds happy? That's what happens to every person who eats a treat from Tink's Sweet Shoppe, a home-based baking business located near CCHMC (Children's Hospital) and the Cincinnati Zoo, which specializes in decorated cookies, cakes, cupcakes, and cake pops. All sweets are made from scratch using high-quality ingredients, decorated with an attentive eye, and filled with love. Jenae is a natural artist known for custom sugar cookies which include detailed designs and beautiful writing. She loves to be able to use her artistry to be a sweet part of someone's special day. Tink's Sweet Shoppe can create custom-designed sweets for any and all occasions such as birthdays, graduations, communions/baptisms, and weddings. She loves the challenge of bringing someone's vision to life.

Jenae has enjoyed baking since her youth and started making custom desserts for her close friends and family in 2020. Due to the many business closures of the pandemic, Jenae used that time to perfect her skills and build her business. She officially opened her business in August 2021. Tink's Sweet Shoppe is affectionately named after a nickname given to her by her maternal grandmother who passed in 2008.

Jenae was born and raised in Cincinnati, graduating valedictorian of Withrow International High School and with honors from the University of Cincinnati where she obtained two bachelor's degrees (Nursing and Psychology). She is married with a teenage son and enjoys reading and going to the movies and Broadway shows at the Aronoff. Fun fact: she's not the biggest fan of cakes for herself! Instead, she opts for either an ice cream cake or cheesecake for her own birthdays.

Are your tastebuds tingling? No matter the occasion whether you're wishing someone a happy birthday, welcoming a new baby, or celebrating a wedding, Jenae can help you make it the BEST DAY EVER with an order from Tink's Sweet Shoppe where making sweet things happen is her specialty!

Best way to order: visit the website and complete the order form.
