

Recap and photo gallery: NANA SKY KIDS February 2024

## **Description**

We completed another SKY youth program in February. This program was for the age group 8-12 years old. We had seven kids join the program. They learned a few breathing techniques, played lots of games and talked about human values like kindness, respect, and friendliness. Our next program of this series will be offered on Memorial Day weekend. Please find the details here.

Children learned tools and skills to:

- Release stress and negative emotion
- Boost concentration and memory
- Build self-confidence
- Handle peer pressure and bullying
- Strengthen human values and social skills

When children know how to manage their own stress and emotions, theyâ??re able to excel in all areas of life and their natural talents can emerge.

Many parents and kids notice theyâ??re more creative, their performance in school and sports improves and they are better at navigating relationships. As a result, their leadership abilities blossom, and theyâ??re able to be of service and help others in their community.

I had a great time and felt happy and peacfull some of the Moves were hard but over the days they got easyer.

I am so glad that i came to the Skykids. We learned to do lots of helpful golden keys and had lets of fun playing the games My favorit game was (man from the mars veaches for the Stars) and Banks, Avers.

I hope that i will come agian soon. and that weakill play and learn New games and poses!
