

North Avondale Green Up Day 2026

Description

Welcome to spring in North Avondale, the most beautiful neighborhood in Cincinnati! The trees are blooming and our neighbors are busy and the yard work has begun. Every neighborhood needs its residents to help maintain the beauty and culture we all take for granted. The **North Avondale Green Up Day** was held Saturday, April 25th at Seasongood Square, Marion Triangle, Washington Triangle and the Dana Triangle. Over twenty-five neighbors volunteered a few hours of their time to mulch and pick up litter and help make the day a great success!

Remember all of the North Avondale gardens are maintained by neighborhood volunteers. North Avondale needs your time and dedication. Just a few hours from all of us would be helpful! For those who don't like getting in the dirt, please consider adopting a garden at Dana, or Marion or even the Dana Roundabout and having your landscaper add it to your maintenance program.

A HUGE THANK YOU to everyone that participated in the NA Green Up Day.
