

Environment and Sustainability

Description

Trees and gardens in our community work hard to clean the air and filter stormwater in North Avondale. Paddock Hills and North Avondale tree canopy coverage at 43.7% is the 7th highest in the neighborhoods assessed. With the exception of traffic exposure **moderate** and diesel particulate in the air **high**, all other built environment indicators or air, water, and land pollution are deemed either **very high** or **extreme**.

According to the Cincinnati Neighborhood Profile from the Climate Equity Indicators Report_2021
