

SKY Kids Program Free for North Avondale Residents

Description

The SKY Kids program gives children the tools they need to thrive and meet lifeâ??s challenges with a smile. Through breathing techniques, games, yoga, creative projects, problem-solving strategies, interactive processes and service projects.

The 12 hours spread over 4 days provides children tools and skills to:

- Release stress and negative emotion
- Boost concentration and memory
- Build self-confidence
- Handle peer pressure and bullying
- Strengthen human values and social skills

When children know how to manage their own stress and emotions, theyâ??re able to excel in all areas of life and their natural talents can emerge.

Many parents and kids notice theyâ??re more creative, their performance in school and sports improves and they are better at navigating relationships. As a result their leadership abilities blossom, and theyâ??re able to be of service and help others in their communities.
