

Soccer program kicks off at The New School

Description

default watermark

North Avondale resident Catherine Pray Bollmann, a New School Montessori (6-9) teacher and parent. has brought something new to our school! We are so grateful to her for organizing a soccer program for our students. She not only signed our school up to be in the SAY East soccer organization but is also serving as our district representative.

Our students and parents have met the moment with vigorous enthusiasm, forming 5 (yes, 5) TNSM teams with parent coaches for each team and specially designed soccer shirts to boot.

The number of New School students who signed up for fall soccer represents nearly 40% of our whole student body with nearly 70% participation from our students who are eligible for the program, meeting the age requirements for the league.

In the spring, kindergartners and students who didnâ??t sign up this fall will be permitted to join our school teams if they choose. We may not all fit on the Mitchell Mansion steps.
