

Will you help OKI plan for the future?

Description

The Strategic Regional Policy Plan (SRPP), originally adopted by OKI Regional Council of Governments in 2005, is a shared vision for regional vitality, sustainability, and competitiveness that focuses on land use and transportation.

OKI is updating this plan for 2023 and needs input from you, the community.

Please consider filling out this [survey](#) and help plan for important transportation, housing, and environmental initiatives. OKI would greatly appreciate your help to make sure the plan reflects the opinions and values of all people and places in the region. It should take less than ten minutes of your time.

Also, please consider sharing or forwarding this survey to your friends, coworkers, and neighbors.

OKI will be accepting responses until March 31 and results will be published in a final report in June 2023.
