PRESIDENT'S MESSAGE

Writing to you in December is especially nice as the holiday season is a wonderful time to communicate with friends. Listening to the festive music on the radio as I madly and frantically drive around town to "save money" at all the "sales" and trying not to forget to find every item my wife says that the grandchildren "need" makes me happy--I think? By the end of the year I will celebrate that I made it through the festivities and seek refuge in silence and relaxation. But, I am confident that most of you are presently enjoying this type routine in your lives also. It's part of the tradition and I really do love it.

However, let's talk seriously for a moment. Please remember, there are some North Avondale families that are not enjoying the fun times that most of us cherish. Some have been hard hit by the terrible plight of the economy. The unemployment rate now hovers around 10%. There are mothers and dads in the community that are not celebrating. They are sad and worried because their children will not get the neat clothing, toys and gifts that they hear others talk about. In fact, food is a prime concern to some. Please address that "some of our own" need our assistance to "make the season bright". Through our donations of food, clothing, money and simple acts of kindness, we can bring some happiness at this time of the year to those who are less fortunate than most of us. Resolve with me that you will help make a difference. Remember, when a child smiles, the world is a better place.

Since I last wrote to you, NANA has continued efforts to improve where we live. On the 10th of November Linda Mathews, Maura Wolf, Charlene Morse and I were cordially welcomed at a meeting with Xavier. John Kucia, Administrative Vice President and Elizabeth Blume, Director, Community Building Institute. They graciously met with us and brought us up to date on the Xavier expansion and building programs. Discussed also were Xavier's goals of being a working partner with North Avondale in enhancing community development. A tour of Xavier's two newest buildings and teaching facilities left no doubt that we have on our doorstep a progressive and state of the art university that we want as a partner. Ms. Blume will be at our January Executive Board Meeting to further explore how we may work together.

On November 16th many of the Executive Board and Chairs met for the second time with several local residents to again discuss vacant and unsightly property that North Avondale needs developed to make a more attractive atmosphere in this part of town that we call home. Finding professional property

planners, private citizen investments, partnerships and working with the City to make NA grow in a direction we truly need, were examined. While no firm decisions were reached, a couple of action plans were formulated that might be solutions.

On November 30th Michelle Baxter, Charlene Morse and I testified at the Cincinnati Law & Public Safety Committee Meeting. The proceedings were confusing and highly frustrating. Neighborhood insistence that City Council ensures enforcement of the Chronic Nuisance Ordinance in a manner that will force rental property owners to be responsible and help fight criminal activity seems to be falling on deaf ears. Any change of the current Ordinance must strengthen, not cause dilution of enforcement and landlord responsibility. I urge you to come to the next NANA General Meeting on December 14th and discuss with the NANA Board this matter-----your active participation is needed!!!!

For you who have already sent your NANA annual dues and donations, thank you so very much. For those of you who have not, we are hoping you will do so.

It is with great sincerity and a real pleasure for me to extend to you and your families the VERY BEST OF HOLIDAY WISHES from the EXECUTIVE BOARD, the CHAIRS and the ADMINISTRATOR of the North Avondale Neighborhood Association. All of us feel most fortunate and consider it an honor to represent the people of our community. We hope that your lives are filled with joy and happiness.

CINCINNATI 2011 PROPOSED BUDGET

At this time, there are 2 companies at **4379 Reading Rd:** Engine 9 and Squad 9. Engine 9 is a pumper that carries 500 gallons of water and connects to the hydrant at the fire scene and pumps water. It is the primary apparatus for extinguishing fires. Squad 9 is a Heavy Rescue unit whose primary purpose is vehicle extrications, building collapses, stuck elevators and other hi-risk rescues. It carries no water. Fire Administration has recommended that E-9 be closed. Although the firehouse will remain open there would be no apparatus to actually fight fires. For example: if there was a vehicle fire in the Chase Bank parking lot right next door to the firehouse, they would have to dispatch another engine company from another neighborhood because Squad 9 has no water. Therefore, if you have a house fire you will now have to wait longer for an engine to arrive as it will be coming from another neighborhood.

- Are you interested in cultural exchange and hosting a female Chinese visiting scholar? Dr. Guo loves children, pets and cooking. Please send her an email at Xinyao.Guo@yahoo.com

On behalf of our entire family, we would like to express our deep appreciation to our North Avondale neighbors for their generous support following the fire at our home on Labor Day. From preparing meals and transporting our children to providing financial assistance and offering words of encouragement, so many of you have truly blessed us. Such unselfishness is what makes North Avondale the best community in Cincinnati and the place we are proud to call home. We look forward to returning to our house in the near future.

Byron & Vanessa White (Marion)

I am interested in the history of Avondale when it was an independent village. In particular I am looking for information on my great great uncle, Jeremiah Twohig. Twohig was the marshal from at least 1868-1876 when he died. I am interested in anybody who would have info on him or maybe even a picture. Thank you. IN MEMORIAM

Jane Villari, born in 1916, sister of Carol Harten, sister-in-law of Dave, and beloved aunt and great aunt to many Hartens in North Avondale, died on November 20 at the age of 94. She came to live with Dave and Carol Harten in 1995, after her husband passed away. Prior to that she had worked for many years at Meier's Wine Cellars in Silverton and in her retirement years became an accomplished artist. Her funeral was held at Bellarmine Chapel on Xavier University campus.

On **Tuesday, December 14th**, North Avondale Montessori school will host a **Winter Concert**.

The concert will feature our students playing the Suzuki Strings Violin, Suzuki Flutes, Band, Choir and Orff. The evening performance will begin at 7pm and end at approximately 8pm. Thanks to all the participants, volunteers, and sponsors who made ALI's October Green Schools Event at North Avondale Montessori such a success! ALI's Eco-mentoring program,

coordinated by Tevis Foreman, was smoothly executed by NAM students who expertly presented key green features of CPS's newest LEED school. WLWT Channel 5 news was on-site to capture the event. Highlights of the afternoon included, Classroom Daylighting Technologies, Green Roof Features, and student presentations covering such topics as Recycling and Clean Air. Knowledgeable speakers informed us about some of the environmental challenges faced by Cincinnati schools today, and how the green features of NAM benefit students, teachers, and our community.

THE NEW SCHOOL MONTESSORI

The New School Montessori celebrated Thanksgiving by sharing 700 pounds of canned goods and clothing with the Freestore Foodbank. In addition to gathering goods to share, families came together to hear demonstrations of what the children were thankful for. First level students decorated a letter of T-H-A-N-K-S-G-I-V-I-N-G and stepped forward telling something they were grateful for that began with that letter. Second level students dressed in costumes to reenact the first Thanksgiving. Third level students presented summaries of fall holidays in other countries. Fourth level students moved through the crowd distributing folded slips of paper with handwritten messages of things they were thankful for. Fifth level students performed a dramatic poem of thanks where everything from hugs, bananas, the earth's elements and The New School chefs was mentioned. Sixth level students shared their research on symbols of Thanksgiving. We were all grateful for our time spent together in the company of neighbors and friends and we look forward to sharing our school at our next Open House on Sunday, January 30 from 2-4pm.

NEIGHBORHOOD SUPPORT PROGRAM (NSP) 2011

NANA is funded primarily through the dues it receives from you. It has also received City money through the Neighborhood Support Program (NSP). For years all neighborhoods could receive \$10,000 a year then in 2004, \$12,000 then \$7,000 and last year \$5,000. What will happen next year is yet to be decided. To be prepared for 2011 we are proposing the following amounts and submitting the grant.
