PRESIDENT'S MESSAGE

Dear neighbors,
Happy February! North Avondale looked like real winter this morning with the new overnight snow, although when the sun came out, most of it melted away pretty quickly! So far we have had a relatively easy winter, and we can just hope this will continue until spring. Thanks J Miles for the pictures!

We are excited about entering 2015 with a strong calendar of activities focused on enjoying and improving our neighborhood and making sure we stay engaged with what is going on in the city and in the neighborhoods around us. We also want to make our neighborhood voice heard in City Hall.

This started in November and December with City Manager Black and Vice Mayor Mann as guests at our General Meetings. In January, we hosted Janelle Lee from the **Uptown Consortium, Inc.** and **Cinnamon Pelly** from the **Community Builders, Inc.**, who presented their organizations and initiatives in Avondale, Clifton, and Corryville. It was great to hear about what their organizations are doing, and to get some insight into some very successful completed projects in our neighboring communities to the south. Personally, I found their enthusiasm for their projects and how they are engaging with the residents very positive and probably a significant factor for success. Thanks to all of our guests, and also to NANA's VP Marvin Masterson for setting this up on behalf of NANA.

On March 7th, the annual **Neighborhood Summit** will take place at the Cintas Center at Xavier University. This is organized by Invest in Neighborhoods in partnership with the City of Cincinnati and a number of other organizations, and is

NANA COMMITTEE UPDATES

BEAUTIFICATION:

NANA will be co-hosting a neighborhood clean-up with XU on XU Community Action Day, March 28th from 9:30 to 11:30 am. Email Beth Ewing at betha.ewing@gmail.com for more details. Volunteers are needed and welcome! This is a very great way to help NA within a short two hour period.

LAW & SAFETY

There will be a subcommittee meeting on Tuesday, February 24th at 7:00pm at the Recreation Center.

MEMBERSHIP:

Holiday Cookies, thank you, thank you!

Heather Herr, Beth Ewing, Julie Zimmerman and our young NA bakers, held a cookie decorating party to show their appreciation to our Police and Fire Departments.

In addition we had many other neighbors baking, thank you to all for your generous donations of cookies, Janet Banks, Tracy Connor, Cynthia Crown, Melissa Huber, Sue Kenford, Jolene Strubbe Miller, Vanessa Wayne and Mary Winn.

They were very much appreciated by the Police and Fire Departments.

THE annual event which brings together hundreds of community leaders and volunteers, city officials and nonprofits in a day long series of seminars and workshops aimed at helping citizens work effectively together to improve the quality of life in our neighborhoods. NANA will be represented, and let me or any of our board members know if you would be interested in attending or register at www.investinneighborhoods.com/summit.html. when this link is up and running. (See below for more information)

At the **General Meeting on February 10th**, we plan to present the 2015 NANA calendar and the 2015 activities of the various NANA committees and we will also highlight our business association NABA. This will be an informative meeting for all neighbors, and also a great opportunity to bring up your ideas, small or large, and to find out ways you can help to improve North Avondale. We would love more volunteers for our neighborhood projects, and please note that even just an hour now and then is tremendously helpful.

In the meantime, please visit our website northavondalecincinnati.com for general info, committee updates, and to pay your 2015 NANA dues online.

☞ **Art of Living Cincinnati Chapter Announces "The Happiness Program"**

Within you lies vast, untapped possibilities waiting to be discovered. Through the Art of Living Course this potential is set free and you gain a greater vision of who you are. You find you have the power to create a joyous life that is on-purpose, the confidence to stretch and grow beyond limiting beliefs, and the ability to lead a deeply fulfilling life.

The Challenge is in the Mind

In today's demanding, distracting world the mind is stuck in the past and the future. But happiness is here and now. It cannot be experienced when one is stuck regretting yesterday or worried about tomorrow. During the Art of Living Course you will discover your unlimited power and freedom - not as a concept, but as a direct experience.

The Solution is in: Sudarshan Kriya®

The centerpiece of the Art of Living Course is the Sudarshan Kriya, a powerful technique that uses specific, natural rhythms to get you unstuck. Sudarshan Kriya, time tested based on ancient Vedic knowledge, yields continued growth.

Tools for Your Expanded Life As an Art of Living

Course participant you will learn to master several practical and powerful tools that will benefit you for the rest of your life.

NAM Calendar for February

Friday, February 13 - Dads and Doughnuts Breakfast - 7:15 AM to 7:45 AM NAM Gymnasium

4th Annual NAM Talent Show

On Friday, January 30, NAM students presented the fourth annual "NAM Talent Show." The event began with a spaghetti and salad dinner at 5:30 PM in the cafeteria followed by a 6:30 PM performance. Cost for the dinner was \$5 with all proceeds going to the Grade 6 Washington, D. C. field trip. We had several of our parents' coordinate the event and I want to thank Ms. Hill, Ms. Holtzman, and Ms. Harper for hosting the auditions.

We had 50 acts perform! "Auditions were held with students ranging from age level 3 to 6 up to age level 9 to 12 who did solos and group performances. "Our students have a great time with the talent show. As in the past, this year we had many talented students perform to a standing room only crowd and raised over \$600 for the upcoming Grade 6 Washington, D. C field trip," said Wesley Barnfield, NAM music teacher. Everyone had a lot of fun on Friday.

"The NAM-PTO has scheduled multiple events throughout the year to build our community. This is what we do at NAM Montessori School. The NAM talent show brings approximately 250 people together for dinner, conversation, and support of our students. We all are looking forward to Friday!" said PTO President Shannon Sanker last week.

Recycle Your Shoes for Reuse

North Avondale Montessori School, in partnership with Community Recycling introduced a shoe-recycling fundraiser that promises ease and engagement for all involved. **Community Recycling's ShoeBox Recycling program recycles gently used shoes for reuse.** NAM will collect shoes that will find new owners around the world.

From South America and Africa to areas right here in the United States, the recycled shoes will go to help people and communities in over 50 countries. NAM welcomes the community to drop acceptable shoes in the collection box located in the front entry of the school (615 Clinton Springs Ave) during regular school hours. Acceptable items: All paired men's, women's and kid's shoes that are still usable. That means no holes in the soles and no wet or mildewed pairs. This includes athletic shoes, casual shoes, dress shoes, Timberland type work boots, sandals, heels, flats and loafers. Visit at www.communityrecycling.biz for more information on **People Recycling for People.**

THE NEW SCHOOL MONTESSORI
 (TNSM)
 281.7999 • 3 Burton Woods Lane
www.newschoollmontessori.com

Julie Stubbs from Hamilton County Parks brought some special friends from the temperate forest to TNSM's kindergarten class. While the visitors - a toad and an owl - acclimated to their new environment, the children began their study by talking about the effects of shrinking habitat, the dangers of litter, and the importance of being good stewards to our animal friends. Using rugs to represent advancing infrastructure of parking lots and malls, the children experienced the pinch as their "habitat" shrunk with each inward scoot of the rugs. Discussion moved to noticing that wolves no longer roam in our wooded areas because of their high needs for space.

The children had just completed a study of the human body and were interested in the similarities and differences between their bodies and the toad's and owl's bodies.

The owl intrigued the children by using the 14 bones in his neck to turn his head nearly in circles while the children used the 7 bones in their neck to turn to their heads within our own less impressive human limits. The toad delighted the children with his long tongue that shot forward to gobble up a live insect on cue.

The children had many questions and stories to share about animals from our temperate forest. Julie was amazed by the knowledge the students brought to the presentation and their love of the natural world.
