PRESIDENT'S MESSAGE

Dear Neighbors:

As the school year comes to a close, I hope that you and your families will have an exciting and memorable summer. In order to kick-off the summer season, we hope that you and your families will join us at **Party in the Park** at North Avondale's Seasongood Square Park (Reading & Clinton Springs) next **Sunday, June 11, 2017 from 4 pm – 8 pm**. Cincinnati Circus will be there for your children's enjoyment and we will have an amazing band for adult and family entertainment. This will be a great opportunity to reconnect with and meet new neighbors.

Thank you to the Belvedere for hosting our Annual NANA Meeting and to **Steve & Sally Poehner** for all their help in making the Belvedere a great place to hold our annual meeting (thanks for the pictures below!) Thank you to **Kathleen Colley & Stacey Hoffman** from City Planning in leading the exercise to start work on our Master Plan (*see NANA Committee Updates page 2 for more*). Finally, as I was remiss for failing to recognize **Ken Brawner** last month for his contribution to NANA especially for Chairing NANA's Cincinnati Games effort, I thank him and all of our neighbors who volunteered and participated! We hope to see you next Sunday!

HEALTH & WELLNESS

A plethora of evidence exists that correlates positive mental health with overall health. Getting enough sleep impacts how you feel. Centurions state how good sleep and eating healthy foods expanded their life and impacts how they perform during the day. Most adults need 7-8 hours of sleep every night.

Summer is arriving and the desire to be outdoors is a natural impulse. The city of Cincinnati sponsors many outdoor festivals and supports weekly events at Fountain Square throughout the summer. The Cincinnati Health Department inspects each food service booth at outdoor events ensuring food protection, time and temperature requirements, employee hygiene, cleaning/sanitizing of equipment and utensils, waste disposal, pest control and overall maintenance so that you can enjoy the event and feel safe eating and purchasing the food.

Weather Watch

A **watch** means a weather event is possible. A **warning** means the event has been sighted by weather radar and there is eminent danger to life and property. Moving into summer with unpredictable weather patterns, as we have been experiencing over the past few years, means being alert and prepared for weather emergencies. Every family should identify a safe place in the home (basement, closet or interior room on the lowest floor with no windows). If there is no time to get to the lowest floor, go to a hallway in the center of the building. High winds are dangerous. Cut back diseased tree limbs and store and secure lawn furniture, trashcans, and hanging plants. Make emergency kits (flashlights, batteries, emergency contact information, medication lists, cell phone, chargers, extra cash, credit cards, important documents). Given the flood of 2016 that some of us experienced, make sure to keep valuables off the basement floor where water can invade. Let's avoid disasters that we can proactively work to prevent.

Enjoy your summer!

STRATEGIC DEVELOPMENT

Master Plan Update:

A few weeks ago, many people attended the North Avondale Neighborhood Association annual meeting and discussed many of the neighborhood successes in the past year. The housing market is doing well, business and university activity in neighboring communities is growing, and our residents continue to make the community a place that newcomers can proudly call home.

As part of the meeting, the City of Cincinnati also held a much needed exercise to begin updating North Avondale's over 40 year old Master Plan. Thank you to Kathleen Colley and Stacey Hoffman from City Planning for coming to our meeting and leading this exercise. A lot has changed, even in the last ten years, so several members of NANA's leadership team is planning the charge to not only update the plan, but to execute on that plan as well.

The first thing that's needed is a steering committee, or a dedicated group of individuals that decides on the priorities or order of business of the Master Plan team and manages the general course of the neighborhood's future. The steering committee is vital, as it not only helps create the plan for the community's future, but it acts on that plan as well to ensure its effectiveness. Committee members also help modify the plan as ideas are implemented and results, or the lack of results, are realized.

Here are some examples of other neighborhood Master Plans as reference point of what we in North Avondale can do, and how we'd be engaged:

Additionally, here is a link to the City of Cincinnati's Master Plan, as well as all updated community plans within the City:

<http://www.cincinnati-oh.gov/planning/plan-cincinnati/resources/approved-city-of-cincinnati-plans/>

There are large successes that other neighborhoods are having, and it's in large part due to their action plans and community engagement. Neighborhoods that generate more foot traffic like Hyde Park, Oakley or Mount Lookout have built up safe, walkable squares with businesses and residential units on top. Other communities like East Walnut Hills and Pleasant Ridge have mimicked those concepts and attracted business entrepreneurs to generate more "people traffic" and create safer and more desirable communities.

(Continued on page 3)

North Avondale has a strong possibility of generating a strong neighborhood square that will attract more residents and create a safer community, and we all know the reasons why. Our community is surrounded by some of the best assets of the City of Cincinnati. Xavier University borders our eastern boundary, while the University of Cincinnati is less than three miles away. One of the world's best pediatric hospitals, Cincinnati Children's Hospital, is among many other hospitals that pull in thousands of employees every single day and is also less than three miles away. North Avondale is literally in the center of the Cincinnati region, making it less than 20 minutes to every primary tourist attraction including downtown and Over-the-Rhine, the Cincinnati Zoo, major league baseball and professional football, the busiest mall in Kenwood Mall, family attractions such as Kings Island, the Beach Waterpark and Coney Island, parks like Burnett Woods, Mt. Airy Forest and Ault Park, and some of the best museums like the Cincinnati Arts Museum, the Cincinnati Museum Center and the Contemporary Arts Museum.

Furthermore, within our great community lies the educational foundation for families, featuring North Avondale Montessori School and the New School Montessori. Upon graduating, students have access to the best public school in Ohio and one of the top 75 nationally, according to *U.S. News & World Report*, Walnut Hills High School, which is less than two miles away from the community. If a family chooses not to partake in the educational options North Avondale features, they can choose among several other highly ranked educational offerings that are all within close range of the community. In addition to the schools, the community highlights a quality neighborhood pool & athletics facility, a Cincinnati Recreation Center, a public golf course, several parks, and very walkable streets.

So how can we make the community even better? For one, we can assemble a steering committee to develop a true business square that attracts quality businesses, which in turn, attracts quality residents. With many vacant or blighted properties throughout North Avondale, a healthy business corridor that slows down vehicle traffic and increases foot traffic will attract more residents to our home options, and it will generate more sales for our current businesses. Cincinnati created morning establishments like Taste of Belgium, the Sleepy Bee Cafe, First Watch, Half Day Café, Maplewood Kitchen and more all grace Cincinnati neighborhood streets and attract people to their communities – why not ours? Locally created and national “all-day” venue sensations like Coffee Emporium, Starbucks, Awakenings, Red Tree Art Gallery & Coffee Shop, Lookout Joe – Mount Lookout Coffee Roasters, The BonBonerie and others all create a meeting space suitable for 7 am, 10:00 am, the lunch period, 3 pm or an evening gathering spot. Wouldn't a spot like these fit the tens of thousands of drivers that flow through Mitchell, Paddock, Reading, Clinton Springs and Dana each day? As each of these venues slow down and stop vehicle traffic each day, other businesses can fill the gap to create a more steady

flow of business, such as law offices, banks, salons, insurance groups, collaborative working spaces for entrepreneurs, artists, doctor's offices, wine and craft beer shops, realtor offices, etc. etc. With the morning and afternoon environment settling into place, our well thought-out evening establishments can take hold like a local craft brewery (new establishments pop up monthly in Northside, East Walnut Hills, Pleasant Ridge, Oakley, Over-the-Rhine, Columbia Tusculum, St. Bernard – all showcasing eager craft beer entrepreneurs that are serving a booming industry), family friendly dining establishments, and dessert masterminds to put the cherry on top (pun intended).

Our community has the fabric to develop this corridor and make Cincinnati's heart beat stronger. We have the minds to collectively create a plan and to put it in place. What's needed now is your time and energy. Are you interested? If so, we will hold an introductory meeting to kick start this process and establish what this commitment looks like. It will be exciting and fun, and ultimately it will create the framework for the future of the community in which we live.

TREASURERS' 2017 ANNUAL REPORT

(Excerpts - go to About in NANA's website for all of it)

Current Account Balances as of May 1, 2017

The current account balances for NANA bank accounts are as follows:

Primary Checking Account	\$12,265.21 - 5/3 Bank
Primary Checking Account	\$1,000.00- North Side Bank
Real Estate Escrow Account	\$8,001.86- North Side Bank
Real Estate Account	\$32,155.65-North Side Bank
Surplus Certificate of Deposit	\$10,000.00-North Side Bank

Expenses

- NANA does not have an annual budget to outline yearly expenditures. Expenses are dependent on specific programming, historical projects, and beautification efforts.
- The primary expenditures from May 2016 to 2017 were the following: replacement of Mitchell Avenue pillars (\$7,950.00); Annual Flower Pot Maintenance w/ Cincinnati Park Board (\$2,800.00); the Annual Meeting; Beautification/Neighborhood clean-ups (approx. \$1,000.00); honorarium for guest speakers, beautification projects, etc.

Stronger Financial Controls

It was a priority to review financial controls of our neighborhood finances. The following are a few of the financial controls implemented in the last 12 months:

- reducing the number of bank issued debit/credit cards from 5 to 1
- prohibiting the use of the bank issued debit card for debits at ATM
- reducing the daily transaction limit from \$10,000.00 to

(Continued on page 4)

(Continued from page 3)

\$1,000.00

- requiring the signature of the President (or his designee) and Treasurer on all check drafts paid by the association
- re-implementing a reimbursement form for re-payment
- copies of all checks and cash received through the mail

Conclusion

In summary, we are blessed to live in such a charitable neighborhood with a perfect blend of diversity and opinions, young and old, all with a deep civic pride in this Community we call home. NANA is a strong financial position to meet the needs of our neighborhood.

Thank you for the privilege of serving you as a fiduciary and steward of your donations. If anyone has any questions, I am always available by telephone, (859) 992.5403 (cell), (859) 982.2025 (direct dial at my law firm), or email, sjm4880@aol.com

Budget Hearing In North Avondale June 7

This is a reminder that there are a few public hearings in June that are being held by the City of Cincinnati's Budget and Finance Committee to receive public input regarding the recommended 2018-2019 Biennial Budget. Please note that the last meeting listed at North Avondale has been switched from June 6 to June 7.

- June 7, 2017: North Avondale Recreation Center, 6 pm - 8 pm

<http://www.cincinnati-oh.gov/council/council-events/6-00-p-m-public-hearing-budget-finance-committee2/>

Ann Marie Kerby, AICP | Senior City Planner

Background on the budget from Citizens Engagement Action Team

On May 22, the city manager presented his recommendation for a 25% cut in city NSP funding for community councils, from \$363,000 to \$265,000 in total and from \$7,700 to \$5,775 for each community council. The mayor and city council will begin community hearings-your two minutes at the mic-on June 1. The budget is scheduled to be adopted on June 21.

This is the time to let the mayor and city council know that the NSP budget cuts should be restored. Historically, the city is slowly starving community councils with their cuts in NSP funding. Over-the-Rhine and Northside community councils have both taken action to tell the mayor and council that this needs to stop.

Please join us in having your council stand up for the neighborhoods. Send your letters/resolutions and attend the community hearings.

Have you Returned Your Lead Sample Kit?

The Greater Cincinnati Water Works (GCWW) has sent out a number of lead sample kits that have not been returned. As reflected in the graph, blue represents the lead test kits sent and orange represents the lead test kits returned.

There is still time to have your water sampled!

• If you took a sample over a week ago and never requested a pick-up, we are happy to send you a new bottle.

• Contact us and we will send you a new sample bottle.

• Please do not dispose of the old sample bottle, just pour the water out and write "USED" on the label.

• When you take your new sample and request a pick-up, leave the old bottle with it so it can be picked up and reused.

• Simply leave the sample in the box on your front porch and contact us (see instructions below).

• Do you have a sample bottle and never took a sample?

• Let the water sit for at least 6 hours prior to sampling, then fill the bottle (as the first draw of the day) to the shoulder or line on the bottle.

• Leave the box on your front porch and contact us (see instructions below).

• Did you request a Lead Test Kit and no longer have possession of the bottle?

• You can request another Lead Test Kit. Let us know that the original sample bottle is no longer available and make a request for another Lead Test Kit.

NAM Wins Brain Bowl Tourney!

NAM students participated in the CPS annual Brain Bowl competition on Saturday, April 28th. Coach Lewis-Jackson had two teams participate and came away with a 1st place and 3rd place finish. Both teams did well and should be proud of their performance. Congratulations to all the students for competing in the competition.

Member of the first place team were: Hope S., Maggie V., Marry S., and Elizabeth K. and members of the third place team were Myles D., Carina D., and Dinah P.

Naturally all of the students were excited about their placing in the tournament. "This is awesome for all of us to do so well," said grade 6 student Hope S. "All of our students made positive contribution during the tournament. I am very proud of our students for being involved in extra curricular activities. Students participating in after school activities do really well in school. Also congratulations to Coach Lewis-Jackson for preparing our students for the competition," said Principal Lewis.

"To be a part of the tourney is a real positive experience but to have our teams place first and third in the competition is remarkable. We look forward to next year's season," said Coach Lewis Jackson.

NAM Team 2 (Mary Schlosser, Elizabeth Kershner, Hope Seck, Maggie Vonderschmidt) came in 1st Place. Each member on the winning team won \$25 each.

NAM Team 1 (Miles DiNardo, Carina DiNardo, Dinah Pastoor) finished in 3rd place.

NAM Honors 2 Former Students!

On Friday, May 12, 2017, NAM honored two former students, Lt. Hubert Heilbrun and Lt. John Leahr. Both students attended the North Avondale School back in the 1920's and share a unique story. Their story begins as pilots in the army during WWII. Lt. Leahr was a member of the famous "Redtails" Tuskegee Airman and Lt. Heilbrun was a member of the 32 Bomb Squadron and 301st Bomb Group. Both men flew missions during the World War II and did not meet until they were in their 70's when Lt. Heilbrun decided to attend a convention of the Tuskegee Airman hosted in Cincinnati. Lt. Heilbrun wanted to attend the conference and give thanks to the pilots for their service and protection. While at the gathering, both men met and discovered they were from Cincinnati. After discussing their backgrounds, not only were

they from Cincinnati, but both men attended North Avondale School. They decided to meet again and look at their class pictures. Upon reviewing their class pictures, they discovered they were not only in the **same third grade class, but were standing side by side in the class picture**. Also during their meeting, they discovered they flew 4 missions together over Italy. Again John and Hubert were side by side only this time in the air.

"This is a miraculous story that touches the hearts of all people regardless of your age or beliefs. For these gentlemen to meet some 50 years later at a convention and discover the connection they had over the years is remarkable. I believe this is more than a coincidence and we want to keep the story alive. The friendship they created and how they were able to show people not only Cincinnati, but people across the country, that all of us can be friends, and respect each other," said Principal Lewis.

NAM Students attended the dedication of a bench honoring Mr. Leahr and Mr. Hielbrun. "I feel like I am a part of something special being here today. What an awesome way to honor 2 former NAM students, said Hope S., Grade 6 student." Students were amazed when the salute for Mr. Leahr was delivered by the firing of the guns. "I got goose bumps when the guns went off and then when Taps was played, said Grade 5 student Jorgia W.

Ms. Jacqueline Covington, who has been working with the Commemorative Red Tail Squadron's Rise Above Traveling Exhibit, contacted Principal Lewis in May of 2016 to discuss how we could honor the former North Avondale students. "Ms. Covington expressed to me that Leslie Edwards, documented original Tuskegee Airman, had a vision to honor his colleagues at their school. We discussed several ideas and came up with the bench. Ms. Covington was the driving force behind the fund raising campaign to finance this project and without her hard work and dedication this would not have happened," said Principal Lewis. The dedication was covered by all the media outlets as well as family and friends of Lt. Leahr and Lt. Heilbrun were in attendance. Principal Lewis said, "Upon dedicating the bench and watching the news, I believe Channel 12 reporter Jeff Hirsch said it the best." He said, "Side by side at school, side by side in the air, and now side by side forever!" You may visit the memorial anytime. The bench is located in front of North Avondale Montessori School by the entrance to the Main Office. "This is now a part of history that will never be forgotten. e put it in stone," said Mr. Edwards!

Herb Heilbrun, left, and John Leahr have shared third grade, World War II, and postwar friendship as a bomber pilot and a Tuskegee airman who protected him. The B-17 behind the airmen is similar to those flown by Heilbrun. Photo by Frederick A. Johnsen

THE NEW SCHOOL MONTESSORI
(TNSM)
281.7999 • 3 Burton Woods Lane
www.newschoollmontessori.com

Each year, New School Montessori 5th graders create a collaborative book of fables. The project begins with students reading well-known stories within the genre to discover the structure and elements that need to be present in their original stories. They are required to develop three fables, including creating their own illustrations to accompany each story. Students then choose a favorite among their three projects to be bound together with other classmates' favorite works.

Decisions about the type of paper to be used, the binding stitch pattern, fabric for the cover and the title of the collection are all made democratically. Students divided up the tasks of writing a dedication, and authors' page, drilling holes, stitching the binding and gluing the pages to the board.

Students presented their book, *Ferocious Fables*, to the classroom where it joins books from 10 other years, serving as a wonderful reference of fable wisdom and as an inspiring way to honor and showcase their work.

Senior Citizens Tuesdays

Salon Artiste is located in the Village of Saint Bernard. I would like to encourage senior citizens who are members of the Cincinnati Recreation Commission with a membership card to take advantage of our Senior Citizen's day.

Every Tuesdays senior citizens can purchase a roller set or a flat iron for \$20.00, just for being a member at the Cincinnati Recreation Commission. Haircuts for men are discounted at \$15.00. All other services are charged at our regular prices. Basic manicures remain out our everyday low price of \$16.00.

We encourage seniors to book in advance because time frames will fill-up quickly for a deal this great. We do not take walk-ins. We schedule by appointment only. Salon Artiste was established in March of 2016 with the mission of providing quality service in a relaxing environment that pampers every customer's salon needs. Your usual salon experience will be transformed into a memorable one from the moment you walk through the doors and while relaxing in our cafe style waiting area. Salon Artiste wants to enhance the unique person you are. Simply take a day, and place the art of hairstyles, manicures, pedicures or facial waxing in our hands. We will strive to be the permanent solution for your salon needs now, and in the future.
