PRESIDENT'S MESSAGE

Dear neighbors,

Last month, I advised that Mayor John Cranley included in his budget **\$750,000 for the redevelopment of the city owned lot located at 3916 Reading Road and \$450,000 for the City**

of Cincinnati to purchase the Alaska property in Avondale. I am very pleased to advise that the Cincinnati City Council unanimously approved both line items. There are several people that we must thank beginning with **Mayor John Cranley and Councilman Christopher Smitherman** for their leadership and support. We must also thank the **entire Cincinnati City Council** for approving the line items. Finally, we must thank the NANA and Avondale 29 Members identified below for advocating on behalf of the budget line items and attending/ testifying at the city council budget hearings. I was very pleased to work in concert with these individuals concerning this important matter: **Maura Wolf, Linda Thomas, Marvin Kraus, Gerry Kraus, Michael Caporale, Nina Caporale, Tina Dyehouse, Dana Winn, J Miles Wolf, Vanessa Wong, Johnie Davis, Tommy Neil, Kenneth Davis, Brenda Grier, Candra Evans, Sharon Hampton, Yvonne Fender, Carletta Emery, Melvin Grier, Janice Fields, and Ron Evans.**

In order to educate our association about the budget process, **Cincinnati's Budget Director, Chris Bigham,** will be our speaker at our **July General Meeting** to provide us with a briefing on the budget that recently passed and to discuss the timeline for next year's budget process.

On another note, I am writing to request that we support **Ken Brawner, our Cincinnati Games Captain,** and the NANA Cincinnati Games participants at the **Cincinnati Games Opening Ceremonies on July 9th at 6:30 pm in Washington Park** and on **Saturday July 16 at Yeatman's Cove.** We will forward an email blast during the week of July 11th confirming the July 16th event times. Let's show our NANA spirit by supporting our NANA Team! *(see next column for article)*

Additionally, we hope you and your families had an enjoyable Fourth of July Weekend. As a result of the inclement weather, we canceled the parade and have **rescheduled it for Labor Day.** We have an amazing Planning Committee that consists of the following NANA members: **Michelle Baxter, Jennifer Cronk, Reg Crutcher, Marybeth Flaspohler, Carolyn Gillman, Suzanne Gosson, and Tiffani Tribble.** The committee has some exciting plans for our youth so we look forward to seeing you and your families on Labor Day.

FUN IN THE NEIGHBORHOOD

~Cincy Neighborhood Games

So you have been watching the Olympic Trials on TV. I bet you've said to yourself "I wish I could compete in some of those events". Well you can. At least the Cincy Neighborhood Games version.

You didn't make it for one of the elimination trials held in North Avondale and you still want to join in? Well, you can. The games are now open to everyone who still wants to participate. All you have to do is register up to the day before the event and let me know beforehand and you're in.

The **Opening Ceremonies and Parade of Neighborhoods will be Saturday July 9 at 6:30** at Washington Park. (across from Music Hall). There will be food trucks, music and a DJ there so all can have fun. There is a parking garage under the park but it might be crowded. We will be led by a North Avondale Girl Scout carrying our custom made flag as we march behind her. All are welcome to participate in the parade. Then the following week will be the actual games where the best of each neighborhood will compete against each other. Most events will be held on **Saturday July 16 at Yeatman's Cove.** We have 13 of the events covered so far. Only 3 other neighborhoods have more coverage than us. North Avondale really has a legitimate chance to win everything. Please talk this up with your friends and recruit more participants.

Finally, I would like to close my comments by stating that June 12th was my birthday, the same day as the horrific massacre that occurred at the Pulse Night Club in Orlando, Florida. In light of this tragedy, I was unable to proceed with celebratory birthday plans. However, as I reflect on the incident, I am very grateful that we live in a diverse and inclusive neighborhood. Thank you for being great neighbors!

On June 3, 2016 the world mourned the loss of **Muhammed Ali**. In 1964 Ali, then known as Cassius Clay converted to Islam, at a Mosque in Avondale on Reading Road. Ali was drawn to the faith for its belief in manhood, self sufficiency and racial pride. In 1979 Ali brought national attention to Avondale when John Popovitch interviewed the champ at Stag's Barbershop. There is a recent article in the *Cincinnati Herald*. STRATEGIC DEVELOPMENT COMMITTEE

Advertising Benches Back Again

Have you noticed that advertising benches are again cluttering up the public's sidewalks? Most of these advertising benches have been illegally placed. Back in March, 2016 the City of Cincinnati amended its complete prohibition of advertising benches on sidewalks (CMC Sec.718.9) and passed an ordinance (CMC Sec. 723-13) to permit advertising benches in the public right-of-way, but only at transit shelters, not to be confused with "stand alone" benches at bus stops where advertising benches are still prohibited. The benches are to be placed on a paved surface and "in a manner that the open area of the sidewalk does not impede pedestrian traffic" (to be at least 6 feet wide).

Since this amendment was passed, advertising benches have proliferated on major streets throughout the city. Most of these benches have been placed illegally, as they are contrary to the City's Ordinances above. They are often on grassy strips, on traffic islands, some not even at bus stops, many blocking pedestrian right-of-way, and contributing to visual pollution of our urban street scape. It has been suggested that these advertising benches, for which payment for a permit to install is required, are more to raise money for the operation of the street car than for the benefit of public transportation riders. **These illegally placed advertising benches can be removed by reporting the location of the bench to Michael Moore, City of Cincinnati Director of Transportation and Engineering, at michael.moore@cincinnati-oh.gov or at 352.2366.**

IN MEMORIAM

✶ **Jana Ann Harrison-Cruse** was born October 18, 1961, in Cincinnati, Ohio to the late James Hurt and Oukreda Harrison. She passed away on June 10.

Jana graduated from Taft High School in 1980. She married Lavern McNary in 1982 and went on to join the Army and National Guard where she was the recipient of the Army Achievement Medal; the Good Conduct Medal, and the Army Service Medal. Jana pursued her education at Cincinnati State College during these years.

In 1994, Jana joined the Cincinnati Police Department where she served in Districts 4 and 5. She worked as a **Neighborhood Liaison Officer in District 4** where she served the communities of **North Avondale** and Paddock Hills. Her last assignment was Recruiting and Background Investigations before retiring in April 2016.

In 1995, Jana married William Cruse. She finished her Bachelor's degree from Union Institute in 2012 and went on to finish her Master's degree in Criminal Justice in 2014 at the University of Cincinnati.

Jana loved to cook and was often called upon to make a tasty dish for an upcoming event. She was best known for her upscale Masionette dish, whose affluent name was Lyonnaise potatoes. We who knew her fondly called them Potatoes and Onions. She really got a kick out of that!

During family gatherings you could always find Jana at the card table, playing with family and friends.

As years went on she became conscious of the need to help young people in our city. She was most proud of joining the Men and Women of Blue "Right to Read Program" reading to third grade children and assisting them in passing their proficiency tests. Their first class passed in 2015 with a 90% proficiency rate!

Jana passed away on June 10, 2016. She leaves to cherish her memory her kind and loving daughter, Lakeya affectionately known as Ke-Ke, and her beautiful granddaughters, who were the love of her life; Kalyce and Deyani.

She also leaves to cherish her sisters, Mary, Elizabeth, Deborah and Barbara (deceased), brothers David, Harry, James, Christopher and Michael (deceased) and a host of other family members and friends.

Friends.....life is but a memory.....have you started creating yours?

Senior Projects Are a Culminating Moment in The New School Montessori Experience

From the time students enter our preschool at three years of age until the time when they graduate at the age of twelve, they are given opportunities to ask questions, to explore and to navigate their way through the process of learning and discovery. They are also given many opportunities to speak in front of their peers and the broader TNSM community of parents and friends.

Beginning in the fall, sixth-grade students take a field trip to Cincinnati's downtown library where they learn how to use the vast resources available to conduct focused research on the topic they have chosen to study. Teachers work closely with students on a one-on-one basis throughout the year to help them learn the skills necessary to edit, organize their work and manage their time effectively. Once the research paper is completed, students practice an equally important skill of summarizing their 15 to 30 page papers into well-rehearsed, 5 minute PowerPoint presentations.

The senior project experience gives us many reasons to celebrate! Not only have the sixth graders been working hard on their senior projects throughout the school year, but in many ways, they have been preparing for this moment since their first days at The New School.
