### PRESIDENT'S MESSAGE

All of us in North Avondale should be proud of our neighbors in the Rose Hill/Beechwood area who came together on Saturday, April 3, to clean up around the walkway that runs between the two streets. This example of voluntary cooperation came out of the NANA visioning meeting last fall, where your board, lead by Curtis Arthur, carried on a conversation with those in attendance to identify the things they felt were most important for the betterment of North Avondale. Beautification, along with safety, were clearly the most important issues. The NANA board made some contribution in helping identify the issues of concern to the neighborhood, but it was you – the concerned residents of North Avondale – who turned your idea into reality. This is the kind of involvement and action that will make North Avondale an even better place to live, and will contribute to Cincinnati as a whole. Elsewhere in this issue Charlene Morse identifies the people who gave of their time for the good of us all. (pg.6) We all owe them a debt of gratitude and our sincere thanks. I think the best way to pay that debt, and show our thanks, is to emulate those neighbors. The Great American Clean Up is coming, and that will be one event where we can all make a difference in the appearance of North Avondale. But don't wait for something like the Clean Up. Let the NANA board know if there is an area in your part of North Avondale that needs work, or if you have an elderly neighbor or one with limited ability to get out and work in their yard – NANA is here to help you organize your neighbors to do something for the neighborhood in general or someone in particular. Get involved – you might be surprised how many of your neighbors will turn out to get involved with you, if you let them know.

*Frank Newbauer*

### CHRONIC NUISANCE UPDATE

*By Michelle Baxter*

Michelle Baxter 1<sup>st</sup> Vice President /Chair of Landlord Accountability has dedicated her service to CMC 761 Chronic Nuisance Ordinance. NANA embraced this Ordinance since it was championed by Council Member Jeff Berding in 2006. NANA has lobbied City Council for 3 years and diligently worked with the Cincinnati Police department to see this effective tool properly enforced in NA and throughout the City to hold irresponsible landlords accountable for crime and disorder on their premises.

This has been a unified effort through the Community Driven Crime Control Coalition of Neighborhoods which are NA, Bond Hill, OTR, West End, Westwood, Pendleton.

## REMINDER: THE 2010 PIG ROAST COULD BE COMING TO A HOUSE NEAR YOU.

Take action if you see any indication of an off-campus party. The "Pig Roast" usually occurs in the Spring, near the end of the school year at Xavier. Norwood, North Avondale, or Evanston (in walking distance) are likely to have the event this year. The Rental Housing committee recommends:

- Watch for signs of preparations for a party.
- Call then and warn the local police and the campus police.
- Call again and repeatedly when there are disturbances and/or signs of illegal activity.
- Calls to the police will be prioritized but make it clear, courteously, that it is important to the neighborhood that all possible action be taken as indicated.

**Angie Kenflin** will attend the **NANA General meeting on the 13th**. She is the Assistant Director for Residence Life for Apartments and Off-campus Living at Xavier. She is coming to hear concerns and brainstorm ways to avoid what happened with last year's Pig Roast.

*Pauline Daly*

A class of **honors students at Xavier University** spent their semester learning about public policy, specifically relating to public transportation. Two of the larger issues they researched were the plans for the streetcar in Cincinnati and the cuts to the Metro system. A few weeks ago, they traveled to Washington, DC to meet with Congressmen, federal administration, and national groups focused on transportation on a fact finding mission, and they have come back with a greater vision of the city and how public transportation helps to make that vision a reality. They would like to share a little of what they have learned at our NANA meeting on Tuesday, April 13th and how North Avondale fits into this bigger picture.

*Annie Garnett*

Toni Ewing of 3960 Glencross is seeking NANA's support for a variance to upgrade from a Type B to a Type A home Child Day Care. She will attend the NANA Meeting April 13 to answer questions. Her neighbors have signed her petition in support.

## CITIZEN'S ON PATROL PROGRAM AND YOU

*By Dirk Pastoor*

Neighborhoods have always been Cincinnati's greatest strength; North Avondale being near the top. However, these days, as Cincinnati is facing huge budgetary shortfalls, it means that we must all be even more involved in order to maintain the quality of life we so value in North Avondale.

A perfect way for involving yourself with your neighborhood is through the North Avondale Citizens on Patrol (CoPP). CoPP is a volunteer group which is sanctioned and sponsored by the Cincinnati Police Department. 1500 members strong and active in almost every community of the city CoPP conducts daytime and evening neighborhood walking and driving patrols.

As eyes and ears to the Police Department CoPPs call in observed incidents. Reporting to the proper city agencies CoPPs request corrective action on situations affecting our quality of life—junk vehicles, littering, weeds, spray painting, broken street lights, and imminent safety issues. Former New York City Mayor Rudy Giuliani inherited a city in turmoil and quickly implemented his "broken window" theory; address even the smallest items as a way to stave off increasingly bigger issues.

CoPP volunteers are trained by Cincinnati Police officers. Patrols are safely conducted in groups of three and in provided uniforms. Each patrol normally is scheduled to last about 3 hours. We're looking for people who can commit being a member on two patrols a month.

In order for CoPPs to be an effective corrective force in North Avondale we need your participation. Interested? Call Dirk Pastoor at 470-7966, Officer Princess Davis at 352-3533 or write [princess.davis@cincinnati-OH.gov](mailto:princess.davis@cincinnati-OH.gov) for more details, training schedule, or an application.

The City Council Meeting held on April 7, 2010, Council member Charlie Winburn submitted the following motion on behalf NA and the CDCC Coalition.

- **MOTION, # 201000510 (AMENDED)** dated 4/7/2010 submitted by Councilmembers Winburn, Ghiz, Monzel and Berding that the City Council direct the City Manager to utilize Cincinnati Municipal Code Chapter 761-Chronic Nuisance Premises in order to achieve the intended purpose of the law and ultimately the intended outcomes, which is to abate such problems in Cincinnati within the next 24 months. WE FURTHER MOVE that the City Council direct the City Manager to provide a report explaining the City Administration's enforcement policy for Chapter 761-Chronic Nuisance Premises and enforcement progress on the following questions... [Click to view the rest of the motion on the City Web site.](#) This motion would have never been possible without the help off Winburn's ongoing efforts. This motion was unanimously supported by the NANA Executive Board before taking to full council. City Council mandated this motion. The City Council vote was 6-3 in favor to support the motion.

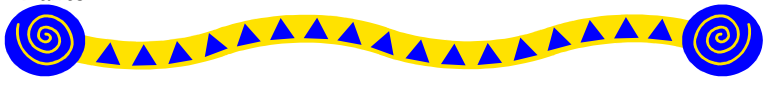

We would like to thank and recognize the following 6 members of council for their continued support and strong leadership on this issue. The following council members voted **YES** to support the motion: **Jeff Berding, Chris Bortz, Laketa Cole, Leslie Ghiz, Chris Monzel, Charlie Winburn**

The following three council members voted **NO** against the motion: **Roxanne Qualls, Laure Quinlivan, Cecil Thomas**

North Avondale would also like to thank Dr. Kam Wong Xavier University, Chris Kearney, Crime Analysis, Charlene Morse Editor/Administrator, Executive Board and Committee Chairs and all residents for their continued support and dedication.

Kudos to Captain Eliot Isaac, District 4 Police Department for sending out the 1<sup>st</sup> billing notification in NA to their most problematic address - 3652 Reading Road.

We will continue to keep the community updated on the monthly tracking and outcomes with these chronic nuisance properties. If you have any questions, please contact Michelle Baxter

### A Healthy Breath of Fresh Air

Stress, anxiety and depression are known to be significant factors in the onset and progression of a wide spectrum of illnesses ranging from cancer and HIV-1 infection to asthma and cardiovascular disease.

Who knew the key to better health lies in our minds, not to mention our lungs? I want to share something very special and unique, a technique of breathing which has helped me with improved health, greater clarity of thoughts, reduced stress, more ease and joy in whatever I do. This happened after I attended the Art of Living workshop. The workshop is designed around, a precise science of wellness promotion based on the impact of the mind and emotions on creating and restoring optimal health.

It's about how a simple thing like breathing can change your outlook on life, and how this will begin the transformation in the heart of other in your surrounding and community. These breathing practices are free from unwanted side-effects, can cut health care costs and are easy to learn and practice in daily life.

Learn some of these techniques from the founder himself *Path to Serenity*: with Sri Sri Ravi Shankar, Yoga Meditation Music and Wisdom on April 25, 2pm @ Duke Energy center. Details: <http://us.artofliving.org/cincinnati>

Some of North Avondale Montessori's support staff, parents and community members did a walk through of the new building on Friday, April 2. We all were pleased and excited to see the building is nearing completion. Plans have been made for the teachers to see the building in May. We hope that you too as our neighbors are excited to see the building nearing completion. You will be getting additional information in the July/Aug. newsletter about a possible community open house prior to school opening in August. Thank you for your patience with having the construction equipment and "dirt" on the street. Also, thank you to all of the North Avondale community tutors who come to our school to help students with math and reading. Our third through sixth grade students will be taking the Ohio Academic Achievement tests the week of April 26, and we are all wanting every student to do their best work.

Just as the trees have erupted in color and the birds have greeted us with their springtime songs, the students at The New School Montessori have likewise been preparing for their own springtime displays of music and dance. Each year TNSM staff and families look forward to an event we call Montessori in Motion. The students' serenades and vibrant-colored dancing and drumming are something to behold. You could almost smell the suntan lotion in the air as the sixth graders rocked out a beach tune complete with beach balls, sun umbrellas and electric guitars. A band of merry fourth graders whistled and sang an Irish Saint Patrick's Day song accompanied by their fellow students on Orff instruments. Flowers were passed behind the backs of first graders in a colorful game of musical hide-and-seek. The crowd was entertained by flutophoners playing an arrangement from a popular opera and we were sent home with toes tapping and hearts jumping to the beat of spring.
