Memories From Neighbors:

The Hassells and the Hartens both moved around the corner from each other, more than fifty years ago, both with eight children. There were many happy days shared between our families. Ursula was beyond loving and giving to all. She meant so much to me and my family and often visited and read to my mother during her long term illness.

Ursula also was very involved in NANA. Ursula was a lover of gardening too. Over the years , Ursula worked in the Triangle garden up from the NA sign, Seasongood Square and the roundabout at Marion and Dakota.

Ursula was so dedicated to the neighborhood. She was Beautification Chair from 1998 to 2014 (16 years!) which meant she attended an Executive meeting and a General Meeting every month as well as overseeing the beautification in our neighborhood! Ursula helped and participated in numerous Great American Clean-ups and Green-up the Parks over the years and when it got to be too much for her, she would work at the sign-in table (such dedication). She continued to attend most General and some Executive Meeting up until recently. She maintained beautiful gardens at her home and in her adopted flower beds mentioned above. But more importantly she was a wonderful person. She supported me as Administrator and as a person. She will be missed.
