

UPTOWN INSIGHTS
A virtual best practices series from Uptown Consortium, Inc.

WASSON WAY CONNECTION THROUGH AVONDALE: ONE OF THE MOST IMPORTANT CONNECTIONS OF THE TRAIL NETWORK

Once complete, the CROWN—Cincinnati Riding or Walking Network—will connect more than 254,000 people in 54 communities with a walkable, bikeable loop. The plan is for a 34-mile loop around the city to link up the Wasson Way Trail, Little Miami Scenic Trail, the Ohio River Trail, and the Mill Creek Greenway. Wasson Way will connect to Uptown in Avondale at Whittier Avenue. This key connection will benefit Avondale and other communities that have historically been left out of the trail network. Join Uptown Consortium Inc.'s President and CEO, Beth Robinson, for an exciting panel discussion with experts and conveners of the CROWN network. The event is from 11am-12pm on Wednesday, July 13.
